CENTRIFUGAL BOWL SORTER
MODEL/S

Our rigorous design and testing process ensures optimum sorting results and maximum system efficiency. Typically of a centrifugal bowl-style, this system is designed for sorting caps, lids and low profile jars. Containers are consistently positioned and discharged onto a conveyor, chute, or directly into a puck. Our machine offers a compact base design , with a wide selection of sizes available to suit your specific product and production requirements and easy to operate and maintain.

SPECIFICATION SUMMARY:

Size Requirements:	Suitable for containers up to 8" wide and 15" tall
Production Rates:	Speeds up to 200 per minute
Tool Size Changeover:	Tool-less changeover, reference scales standard
Machine Dimensions:	A variety of bulk hopper capacities
Controls:	PLC with color touchscreen standard, discharge backlog sensor
Electrical Requirements:	110 volt, Single Phase, 60 hertz or 220volt, single phase, 60 hertz
Pneumatic Requirements:	80-90 PSI
Construction:	Stainless steel and acrylic, optional full-coverage enclosures
Options:	Pocketed outer ring model available for tubes with puck insertion, washdown, explosion proof, AC Drives standard on most models, ionized air rinser, air rinse vacuum collection, class 100-autoclavable contact parts, casters for portability, stack light, dust cover packages, handle & finger grip orienting system, bulk hoppers $4ft^3$ to $100ft^3$

WORLD-CLASS SERVICE & SUPPORT:

We understand downtime and its effect on your bottom line. Packaging machinery is only as strong as its service and support system. If you run into challenges, All-Fill's Service team consists of 15 full time service employees with over 150 years of combined experience in the packaging industry. Our team can train, install, and troubleshoot any All-Fill machinery. We service domestically and in our international territories: Canada, Central and South America, India, China and Australia. Contact our Service team at **Service@All-Fill.com.**

PARTS SUPPORT:

All-Fill machines are designed using the most innovative controls and the highest quality parts and components. All-Fill has an unmatched ability to identify and resolve issues that may arise with your machine. Our parts department provides quality support in a timely manner to reduce your downtime and stocks most parts for quick delivery. From mechanical assemblies, electronic components, tooling, machine accessories and software, we have the parts you need. Contact our Parts Department at **AFI-parts@All-Fill.com.**

INTERNATIONAL INQUIRIES:

All-Fill's packaging machinery is available worldwide for almost any product and industry. Our more than 50 years of engineering expertise combined with our industry leading field support makes us a leader in the industry. We design, manufacture, install and service machinery with maximum accuracy and reliability. Our global presence means uncompromising service and support, no matter what or where your needs are. Reach out today to discuss your project with our international sales team. Contact us at **info@All-Fill.com.**
